

Postal Regulatory Commission

Washington, D.C. 20268-0001

NOTICE OF FILING UNDER 39 U.S.C. § 404(d)

TO THE UNITED STATES POSTAL SERVICE:

Please take notice that on November 4, 2011, the Commission received a petition for review of the Postal Service's determination to close the Nemaha post office located in Nemaha, Nebraska. The petition for review was filed by Rich Henry (Petitioner) and is postmarked October 25, 2011.

This notice is advisory only and is being furnished so that the Postal Service may begin assembling the administrative record in advance of any formal appeal proceedings held upon the alleged (closing/consolidation) for transmittal pursuant to 39 CFR § 3001.113(a) (requiring the filing of the record within 15 days of the filing with the Commission of a petition for review). The Postal Service's administrative record is due no later than November 21, 2011.

To Whom it May Concerned

I would like to appeal the Postal Service Decision to Close the Nemaha Nebraska's Post 68414

We were told that this closure would not affect the town much. We would just have to go to Brownville Ne 68321 which is 7 miles away. Or go to Shubert Ne 68435 8 miles away. Now half of those towns are up for closure also. We would have to drive clear to Auburn Ne 68305 which is 15 miles away.

Nemaha has quite a elderly population and this is going to have a big effect on the town & business.

The town has taken a pretty bad hit with the flood of the Missouri River. It back up in the Nemaha and they both flooded quite a bit of farm ground. We lost alot of farm ground both in Nebraska & Iowa. Quite a few farmers has suffered thousand of dollars of loss. Alot of people could not get to work because of bridges out.

We've had Cooper Nuclear Plant given to Brownville Mo. when it should have been put in this town since its closer.

We've had our rural carrier taken out of this office & based out of Brownville.

When the postmaster retired they did not fill the position

They brought in a rural
Carrier to OIC for 2 years
a Nemaha for \$57⁰⁰ an hour
which could not be offset
by sales. But the Post Office
did that to us. Now we have
another OIC for 2 years
making \$11⁰⁰ an hour! The sales
have been up (til the flood)
but not enough since they
took half our business
away.

When Cooper Nuclear shuts
down they bring in approximately
1200 people. We have 2 RV parks
that fill up & every other available
spot fills up.

Why not cut some of the 30
something Vice Presidents?
Their wages would probably save
the Post Offices. Even the United

States only have (VP)

Quit printing a million
different stamps we really only
need 1 forever stamp
That has to cost alot to
keep changing stamps

Last - make the price of
a stamp 50¢ - \$1.00 that's
still cheaper than driving!

Please quit trying to make
the little towns suffer & die
Please leave us open!
